***FOR IMMEDIATE RELEASE***

**CUMMING NAMED HIGHEST RANKED CONSTRUCTION MANAGEMENT FIRM IN SAN DIEGO,  
TOP FIVE CALIFORNIA-BASED BY ENGINEERING NEWS-RECORD**

**SAN DIEGO - (June 22, 2015)** – [Cumming](#), an international project management and cost consulting firm, announced today it was once again ranked highest among all San Diego-based construction management firms by leading trade publication, Engineering News-Record (ENR). Cumming's 21% growth from 2014 to 2015 has been supported by recent project and construction management assignments, including work for Marriott International; Kaiser Permanente; Facebook; Disney; Mercedes-Benz; Neiman Marcus; Hilton Worldwide; Starwood Hotels and Resorts Worldwide; Novartis Pharmaceuticals Corporation; Anaheim Union High School District; Charleston County School District; University of California, Los Angeles; and University of California, Berkeley, among many other clients nationwide.

The Top 100 Construction Management-for-Fee and PM list, published annually, ranks the 100 largest U.S. architectural, engineering, construction and management firms, both publicly and privately held, based on fees for agency construction management projects.

"Our success stems from focusing on exceeding our client's expectations and providing transparent oversight during the development of some of today's most complex and high-profile facilities," said Peter Heald, President at Cumming. "We have a track record of adding value to our clients and helping them achieve their goals. This is what has allowed Cumming to continue its strategic growth initiatives."

Specializing in project, construction, and cost management and controls services, Cumming's portfolio includes work across a broad range of sectors. The firm has more than 100 assignments underway at any given time, and has worked on projects worldwide with a collective value in excess of \$100 billion.

Engineering News-Record provides news, analysis, commentary and data for construction industry professionals. ENR connects diverse sectors of the industry with information on issues such as business management, design, construction methods, technology, safety, law, legislation, environment and labor.

Cumming was first named to Engineering News-Record's Top 100 Construction Management for Fee list in 2005, and continues to receive the honor, ranking in the top 40 nationally every year since 2008. Among U.S. firms who are strictly Owner's Representatives, Cumming consistently ranks in the top 5.
